kkilgore@techglobalinc.com
(301) 658-2067

- Founded in State of Maryland in 2005 as an IT and Professional Services Company.
- Prime Contractor for multiple Local, State, and Federal Government Projects.
- Specialized in Technology Modernization and System Integration.
- TechGlobal has been an Accela business partner since 2006.
- Technical staff at TechGlobal previously worked in the labs that created the Accela product.
- We have executed multiple successful Accela implementations, including:
  - Anne Arundel County, MD
  - Baltimore County, MD
  - Department of Consumer and Regulatory Affairs, DC
  - Howard County, MD
  - Town of Southampton, NY
  - U.S. Department of the Treasury, Alcohol and Tobacco Tax and Trade Bureau

- TechGlobal is also an AWS Standard Tier partner.
  - Multiple AWS Technical and Business Professionals on staff.
  - Senior solutions architects with in-depth expertise in both Accela and AWS.
  - Access to AWS resources to collaborate on solutions to complex projects.
- Specialized in migrating on-premise business applications and databases to the cloud.
- Currently, we are the prime contractor on one of the first Accela implementations on AWS.

- TechGlobal is a mature business capable of managing complex IT projects.
  - Appraised at CMMI Level 2 for both Development and Services.
  - Multiple Certified Scrum Masters (CSM) and Project Management Professionals (PMP) on staff.
  - GSA Schedule 70 holder and Multiple State and Local Government IT Master contract holder.
  - Domain expertise with land management, permitting, licensing, case management and regulatory processes.
  - We have also designed and built custom permitting systems within a .NET framework.
